

PLENARY SESSION I: ENERGY IN EMERGING & DEVELOPING COUNTRIES

3 KEY CHALLENGES

1. Energy access for all → SDG 7.1

Billions of people still without electricity and clean cooking

2. Strong growth energy demand

In India, China, South-East Asia, Middle East and Africa

3. Decarbonisation/ Paris Agreement

How to follow a much less energy-intensive pathway than OECD economies?

7 AFFORDABLE AND
CLEAN ENERGY
